Disaster Prevention - It starts with YOU

CERT is a national Homeland Security initiative directed at making our Communities safer by having educated/ trained people capable of preparing and responding to disasters and emergencies. CERT is an integral part of Citizen Corps, the grass-roots movement that actively involves everyone in making our communities and our nation safer, stronger, and better prepared. No matter where you live, no matter who you are, no matter your age we all have a role in hometown preparedness. What role will YOU play?

Homeland Security
