

Human Services Commission

Mission Statement: The Hamden Human Services Commission was created to identify, to provide advisement and formulate human service needs for the departments of elderly, youth and community services in the Town of Hamden. In addition, the Commission is also responsible for developing a comprehensive plan for the delivery of these human services.

Goals for the Future: The goals of the Hamden Human Services Commission include establishing and filling the position of a full-time human services director, to increase staffing in the three human services departments (elderly, youth and community services) based on program and service needs, to advocate adequate housing in Hamden to include: affordable housing, emergency and transitional housing, housing for the homeless, and elderly and special needs housing.
