

# Solarize Hamden!

Solar. Simple. Together.

**For Hamden Residents ONLY!!**

## Now is the time to go solar.

Save money by taking advantage of a unique group buying opportunity from the Town of Hamden in partnership with the State of Connecticut. The Solarize program benefits include:

- Significant solar discounts which increase in size as more people sign up.
- Lower monthly utility bills.
- Pre-selected, competitively chosen installer for our communities, C-TEC Solar.

To learn more about Solarize, visit our website at [www.SolarizeCT.com/Hamden](http://www.SolarizeCT.com/Hamden).

**Sign up today and be guaranteed the lowest price available by the end of the program.**

*You must sign a contract by **January 28, 2014** to qualify.*

For a free no obligation site consultation, call C-TEC Solar at 888-52-SOLAR (76527).

## Flexible Financing Options Make Solar Affordable.

Affordable!  
Flexible!

No Money Down  
Option

**Cash or financing?** Many customers choose to pay for their solar system with cash, or use a home equity loan. However, Energize Connecticut, the State of Connecticut's energy initiative, is offering homeowners a number of long-term, low-cost financing options that are available through your installer, including both no-money-down options and low-down-payment options that will provide you with an even greater return on your investment.

**Buy or Lease?** Like buying an automobile, homeowners now have the option of leasing their solar system or purchasing it out right.

- **Leasing** means no money down\* and no hassle. And if you want peace of mind that comes with having comprehensive insurance and warranty coverage for 20 years and the lowest monthly payments, this might be the best option for you. Ask your installer about the CT Solar Lease to see if this option is right for you.
- **Buying** a system means greater savings for you over time, and Energize Connecticut offers a couple of loan options to consider. The Smart-E Loan provides a no-money-down option through a local bank or credit union, along with flexible terms that let you choose the repayment schedule that's best for you. The CT Solar Loan does require a down payment, but it offers a lower monthly payment and greater flexibility if you ever move out of your current home.

*Whether you buy or lease, your out-of-pocket costs for electricity can be lower than what you pay now as soon as your solar system is installed. Talk to your installer about what's important to you, and learn about the flexible financing programs available to help you go solar!*

\* No down payment required if Total System Cost is less than or equal to \$4.50 a Watt.

Meet Your Installer 

C-TEC Solar is the official solar installer selected by the town of Hamden. Find out if your house is suited for solar and how to lower your energy bills by contacting them through [www.ctecsolar.com](http://www.ctecsolar.com) or call them at 888-52-SOLAR (76527).
