Bernard Brennan  
Martin Mador  
Matt Corcoran  
Azalea Mitch

### **APPROVAL OF MINUTES OF MAY 17, MEETING**

Commissioner Brennan noted that his name was not included in the Attendance of the May 17, 2010 meeting. Commissioner am mc with correction.

Bb asked what ga will be explaining at next meeting cm handed out a list of what could be included. Discussion of stimulus money available when available.

Discussion of handout and strategy that has been handed out an approved. %56,000 available ms. Mitch asked how this figure was arrived at. This commission as 15000 to use . cm explained how the rest of the money is being used. Fg read the other things that fthe further discussion of the grant money.

Discussion of how to come up with a short list of how to spend the funds.

Fg tried to reach fran rabinowitz eventually talked to the person frascetta in charge of science education. curriculum like the idea of a contest designing cards picking winner producing the cards we would take the money to produce the cards the remainingn money will go to the scholl winneg the contest.

Mm suggested that we invite Ms. Rabinowitz to a meeting

Kath schomaker not available on Mondays.

Bb asked cm his opinion on what projects would be well completed with this grant. Cm suggest a residential outreach program that would bring people together. How where or why is ?

Mitch fg great success s wthkids suggests creating a unit that coul go to schools she felt that targeting kids would be a good idea.

Bb 2 things signus pf clean enger and audits. Am people are not conn ec dots they can ave money an d help the environment. Fg feels the car d contest is a godd way to reach people.

Discussion off frank gorham from north haven regarding havein kids get parents to sign up for clean energy. John Gorham will be speaking on July 14<sup>th</sup>. Discussion or how Mr. groham accomplished tis mr. g tinks he might have thekids assist in the audits. MM said he heard t hat ul is out of mlney for tis audits. Mr bb asaid tht cl&p still has money. CM said moremoney is expected in August.

Fg what type of lighting isgoing on in external lighting isw going on at the new town hall. Am said the last thihg we had asked kath and shse salso sapoke to the council regarding the windso that are beng bput in at te new town hall. Kath has not gotten back to us yet. Ther was a discussion regarding the type of windows that are going in mc said that there is a problem regarding the istoric correctness of the windows.

Discussion regarding lighting cm said that all the lights in town hasve been retro fitted to reduce ususage this is already inbudget.

Mm has fg rtried to have sj come to a meeting. At ui public meeting sj was there ansered all uestions clearly engarged we need tosit down with hime to see wawhats on his mind and what we can do in conjunction with him. MM said he dis a local action plan regarding energy and sj greenhouse gas inventory acton plan. Sj asked for a copy. MM said good sig that he was sasking for it.

Zimm just showed up.

Am said we should be a part of all projects under this grant

Mr. Mador said we should submit a request for an ordinance stating that any proposal regarding energy use must be given to this Commission and cannot be acted on until this commission comments on it.

He added that we can pass a resolution requesting the Council to pass an ordinance regarding what he has proposed or some variation thereof.

It was felt that if this gets on the agenda we have raised their awaremess.

Bb isis up to us to do something visable.

Bb if we cando something useful thaen people willcome to us.

Discussion regarding stupid bike lane – these goofballs want a bke lane on a road hat will probable kill sev eral of them.

make up this group. This group will work on how the state can accomplish this. Further explained. What an asshole he is. I think I dislike him more than any other

Has arranged to do this at the request of two state committee chairs.

Does this asshole this I can type a million words a minute.

Thought he was done – still talking I hate this man with

Ric Robble today June 4<sup>th</sup> ask me to take a date regarding fuel cell have done a walk thru. They are still waiting for the information.

Getting involved with project town app over 1 mil to improve room not since 1969 walls will be put up no longer open space. Have been approved by council. Of course mm has to talk again. Carpets flooring walls 300 kids there. Mm if looking for some discussion on funding from state and how hvac proposal will effect this renovation

Am grants epa grants due July 26<sup>th</sup> showcase grants 50% local match. Zinn encouraged forwarded to ga she goes over grants each week with cl.

I would laugh if zinn fell off his chair

Fg said we should take a quick “look see” at Commissioner Stramm’s suggestion regarding an energy demo project. Commissioner Zinn said that UI can not fund own they would have to donate. Why do mm will not go anywhere until UI agree to fund. If he can get funding we could consider.
