RE: Rocky Top

Dear Chief Wydra,

This letter is a follow up to our previous discussions regarding Rocky Top. It is my recommendation that Rocky Top be made one-way from Nutmeg Hill to Shepard Ave.

We are all familiar with the conditions of Rocky Top and agree this change would be most beneficial in the Town's efforts to ensure the safety of those who travel that route.

In addition, making Rocky Top one-way from Nutmeg Hill west to Shepard would also enable Public Works crews to more effectively plow and maintain safe road conditions.

After long and careful consideration I strongly advise this change be implemented as soon as possible.

Please contact me if I can offer any further assistance in this matter.

Sincerely,

Craig Cesare  
Director
