Hamden – Due to the extreme heat forecast, Mayor Leng wishes to remind residents that all public buildings, including libraries and fire stations, are air-conditioned and open to the public during regular business hours. Locations such as the Government Center, Keefe Center, Police Department, and the Miller Library Complex have been designated as cooling stations and will have water available to those in need. The cooling stations are meant for temporary respite from the heat, especially for the elderly and those with respiratory issues. Please refer to the entire list of cooling stations below. For further information, please contact the Fire Chief Berardesca's office at 203-407-5880 and in cases of emergency always call 911 for immediate assistance!
