HAMDEN BRIDGES UNDERGO MAJOR REPAIRS

HAMDEN – The Hillfield Road Bridge is scheduled for replacement and has been closed to through traffic between Johnson Road and West Todd Street as of Tuesday, September 1, 2015. Detour signs will direct through traffic around the work area via West Todd Street, Shepard Avenue, Hillfield Road, Johnson Road, and Still Hill Road. Hillfield Road will be open for local traffic from both ends; however there will be no access over the bridge during construction. The bridge is expected to be reopened to traffic before winter.

The Johnson Road Bridge will be replaced in the spring of 2016, and Johnson Road will be closed to through traffic between Still Hill Road and Hillfield Road.

The contractor is the Nagy Brothers Construction Company of Monroe, CT. Any questions or concerns may be directed to the Hamden Engineering Department at (203) 287-7040.

For further information, please contact Information & Research Officer, Patrick J.

Donnelly at (203) 287-7009 or by email at pdonnelly@hamden.com.
