The Galactic NASA Journey!

Entering Grades 1-6 June 20-24

Half Day \$250 [REGISTER](#) Full Day \$405 [REGISTER](#)

Join us on our space adventure through the galaxy to infinity and beyond! Campers will experience the life of NASA astronaut's journey before, during, and after a space mission! They will use real astronaut equipment such as memory metal, robots, and lasers plus create many spin-off innovations like a mars shelter! Campers will create a comet from household experiments and experience what the atmosphere is like in space. Finally, they will witness a rocket launch that will blast out of this world! Campers will receive a Mad Science Lab coat, goggles, and specially designed take homes to help extend learning at home!

Cool Booming Reactions!

Entering Grades 1-6 August 8-12

Half Day \$250 [REGISTER](#) Full Day \$405 [REGISTER](#)

Let's bring chemistry to life with hands on and mind-blowing experiments to discover the wonderful world of chemical reactions. Campers will create crazy concoctions daily that will make their hearts explode with passion for science! Mixing mysterious substances we will create fizzing elephant toothpaste, sticky putty, quicksand, squiggly worms, cool snow, and tons of booming explosions! Campers will receive a Mad Science Lab coat, goggles, and specially designed take homes to help extend learning at home!
